

**Academic Pediatric Hospitalist
Rush University Children's Hospital
Chicago, IL**

Rush University Children's Hospital in downtown Chicago, IL is recruiting a full-time Academic Pediatric Hospitalist. We are looking for applicants committed to providing exceptional inpatient care to a diverse and complex population of patients. This opportunity will involve extensive teaching responsibilities with our outstanding Pediatric Residency, Combined Medicine/Pediatrics Residency and Rush Medical College programs. Hospitalists will be expected to provide leadership in scholarly initiatives within the Section of Pediatric Hospital Medicine.

Ideal candidates will have experience in areas including: quality improvement, clinical research, medical education research and medical simulation. Members of our team provide inpatient care on a 22-bed General Pediatric Unit, 18-bed Pediatric Intensive Care Unit, as well as consultative services to the Pediatric Inpatient Psychiatry Unit and Emergency Department. Pediatric Hospitalists work alongside multiple sub-specialty groups, including pediatric surgery, neurosurgery, ENT, urology, cranio-facial surgery, anesthesia/pain, psychiatry, hematology-oncology, infectious diseases, pulmonology, nephrology, endocrinology, cardiology and neurology.

Candidates must be Board Certified/Eligible in Pediatrics and may have fellowship training in Pediatric Hospital Medicine. Candidates will be eligible for a faculty appointment at the Assistant Professor or Associate Professor level, commensurate with their experience and accomplishments.

This recruitment is part of a key strategic growth initiative within the Department of Pediatrics. Rush is home to one of the first medical colleges in the Midwest and one of the nation's top-ranked nursing colleges. Rush is an Equal Opportunity Employer.
