

SESSION 3

THURSDAY, AUGUST 26, 2021

12:00 PM – 1:00 PM (CST)**

AAAP

WEBINAR

AAAP Members Only

**10:00 AM (PST) / 1:00 PM (EST)

Association of Administrators in Academic Pediatrics

cFTE Clinical Work Survey

OUR APPROACH

Gain an **understanding** of **institutional** general **definitions** as it relates to overall FTE expectations and how institutions interpret and report cFTE.

Gather **actual clinical work data** (not expectations) at the individual provider level to better understand what reported billable 'cFTE' information means.

KEY GOALS*

Development of **consistent AAAP terminology** we use with each other when we talk about FTE and billable cFTE – individually and as they relate to each other.

Collate a **data summary** to begin understanding what work **actually** is being **performed** at reported cFTE levels in each speciality.

*by Dec/Jan
