Title:

Learning Objective:

Proposal Description:

Please provide a brief synopsis of your proposal describing the initiative, project or discussion topic. Please limit the description to 250 words.

Results/Outcomes:

For Proven Initiatives/Projects - Please detail clear results and outcomes. The AAAP is specifically seeking proposals with measurable results and outcomes (quantitative and / or qualitative) tied to improvement (e.g. process improvement, financial savings, cost avoidance, employee engagement, etc.). Please limit the description to 75 words.

Emerging Results/Outcomes:

For New Initiatives/Projects - Please provide potential results and outcomes, including an explanation on the method you are using to forecast results. Please limit the description to 75 words.

Organizational Impact: Please provide details on how this initiative, project or discussion topic advances and aligns with your organization's strategic, financial, or operational goals. Please limit the description to 75 words.

Lessons Learned: Please describe what your team learned from this initiative or project and what other organizations can learn from this presentation, poster, or panel discussion. Please limit the description to 150 words.

Next Steps: Please describe the next steps for this initiative or project. Please limit the description to 75 words.
