

DEPARTMENT OF PEDIATRICS
UNIVERSITY *of* WASHINGTON

Neonatology Grants Manager

The Department of Pediatrics at the University of Washington has an outstanding opportunity for a Grants Manager (Payroll Title, Program Operations Specialist) located in Seattle, WA. The

Grants Manager oversees and facilitates the research administration and operations of translational and clinical research and basic science research for the Department of Pediatrics, Division of Neonatology. The Grants Manager requires subject matter expertise with excellent skills, knowledge, and experience in all aspects of research administration, including pre-award, post-award fiscal management, and clinical research administration.

As the second largest Department in the UW School of Medicine, Pediatrics has approximately 1,500 appointments, including approximately 525+ paid faculty members, 150 paid staff employees, 125 residents, 100 fellows and 650 volunteer/affiliate faculty and continues to grow each year. The Department is involved in teaching, research, and clinical care. The Department of Pediatrics has a close affiliation with Seattle Children's Hospital (SCH) and Seattle Children's Research Institute (SCRI). UW Pediatrics is a top ranked national pediatrics program and both UW Medical Center and SCH are high ranking regional and national hospitals.

The University of Washington is proud to be one of the nation's premier educational and research institutions. Our people are the most important asset in our pursuit of achieving excellence in education, research, and community service. Our staff enjoys outstanding benefits and professional growth opportunities, as well as an environment noted for diversity, community involvement, artistic pursuits, and the natural beauty of Seattle and the Pacific Northwest.

The Division is now considering remote candidates for this role.
